Bentley's Seats

Structures are made primarily of high grade 5/8-inch and 3/4-inch, 7-ply treated plywood. We use Naugahyde brand upholstery vinyl, resilient high-density foam rubber, wrapped in a protective covering, stainless steel bolts and stainless steel staples. All tops are made primarily with premium-grade marine vinyls, 7/8-inch O.D. Anodized aluminum or stainless frames, durable nylon or stainless fittings, corrosion resistant fasteners and snaps. Each top or cover is custom made to your specification. Please ask for colour choices.

Bentley's Mariner Chair

- Knee action mechanical suspension
- Heavy duty shock absorber
- 6" fore and aft double locking slide adjustment
- Fold up armrests
- Contoured lumbar support
- Convenient side chart pockets
- Custom upholstery (choose from an array of custom vinyl colours)
- For persons under 250 pounds
- Custom embroidered logos available on request

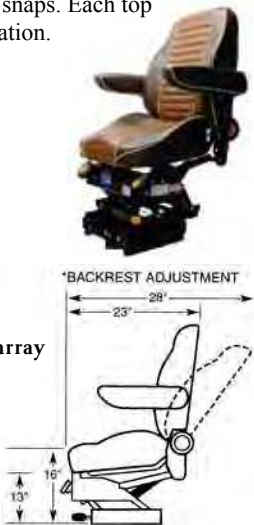

BSP MARINER* Chair

Options:

BSP SWIVEL-HD Swivel

- Heavy duty swivel base with 90° positioned locks

Bentley's Magnum Chair

The Magnum has standard features that out perform the competition.

Standard features include:

- Our famous fold-up armrest
- Covered in ballistic nylon that has tremendous wearability and great resistance to chafe and puncture
- High density foam for longtime comfort
- Deeper cushion for excellent support for the high mounted seat
- High back rest with headrest and lumbar support
- Available in black only

BSP MAGNUM-SMALL

Bentley's RiverMaster Chairs

The Rivermaster features plush armrests, a lower lumbar support and a high back rest for maximum comfort. The solid back rest is supported by a sturdy cast aluminum bracket. This seat comes standard with a map pocket behind the back rest.

BSP RIVERMST-SM* 26" W x 25" D x 24" H

BSP RIVERMST-LG* 28" W x 25" D x 24" H

BSP RMS-GRAPHITE 26" W x 25" D x 24" H

TEMPRESS MARINE GROUP

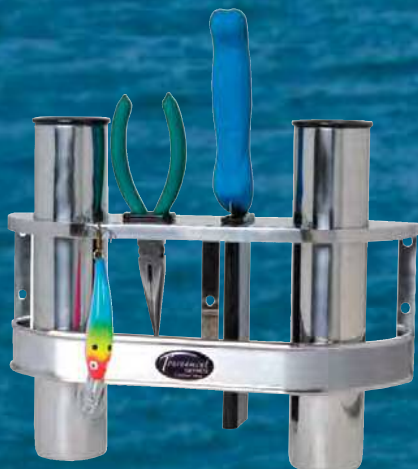

Marine Seating

Our goal is to continuously design and develop innovative problem solving products for the recreational marine, fishing and outdoor enthusiast.

Marine Storage

Better Products = Better Boating

Angler's Gear

www.tempress.com

Tempress Profile Deluxe Seat

The Profile Deluxe includes a thickly padded deluxe cushion. The foam pack is upgraded in thickness and contouring to provide maximum comfort made from high-density marine foam and wrapped with 30 oz marine grade UV stable vinyl. Additional features include the "no-pinch" hinge shell design with a built in lock that automatically engages when the seat is folded down.

The seat mounts to any standard marine swivel, slide or spider.

- H: 18" x W: 19" x D: 18-1/2"

TMP 60181 Charcoal/grey

Tempress Profile Seat

The Profile features a double contoured seat pan that eliminates pressure points. There is also a built in lock that automatically engages when the seat is folded down, preventing unwanted blow up of the seat back when trailering or running. Stainless steel hinge pins secure the fold down back and included 1/4" x 20 t-nuts allow mounting to any standard marine swivel, slide, or seat spider. Will accept the Quick Disconnect Mounting Kit. Cushion is made with 30oz marine grade UV stable vinyl, and filled with high density marine foam.

TMP 48600 White/grey

Tempress Navistyle High-Back Seats

Subtle curves provide lumbar support while the tapered sides allow for the lateral movements desired by active users. The Navistyle also features our exclusive "no-pinch" hinge, with automatic locking mechanism that secures the seat in the folded position. All Tempress Seats will mount to any seat swivel or slide with the built in stainless steel T-nuts, and included stainless steel mounting hardware.

- 21-3/4" H x 18" W x 19-1/2" D

TMP 54800 White
TMP 54901 Grey/blue
TMP 54907 Charcoal/grey

Tempress Elite Helm Seats

Rotationally molded helm seat that incorporates the patented NaviStyle StylePanel system and is constructed of materials designed to withstand the rigours of the marine environment. The contoured StylePanels create a comfortable seating surface that is ergonomically correct without the excessive use of foam. Built in lumbar support and a rolled front edge make the New Tempress Helm Seat perfect for any application in which comfort, durability, and superior style are desired.

High Back

- H: 26" x W: 23.5" x D:27.5"
- White shell / White cushions

TMP 57010

- Charcoal shell / Grey cushions

TMP 57017

Low Back

- H: 22" x W: 23.5" x D:27.5"
- Charcoal shell / Grey cushions

TMP 57027

Tempress Reflex DST Seats

Dual shock technology delivers two levels of shock absorption. The seating surface contains a suspended Dymetrol* trampoline surface to provide stationary seating comfort, plus twin spring-loaded shock absorbers beneath the seat pan for extreme shock control in rough conditions. Also featured is the ergonomic lumbar support, side bolsters and thigh support for long trips offshore. A padded headrest provides additional comfort. The frame design features a flow-through back for ventilation and a built-in spring loaded lock for both the folded and upright positions.

- Dimensions: 31"H x 21"W x 22"D

TMP 58055 Charcoal/grey

TMP 58075 White/blue

*DuPont Dymetrol high-performance fabrics provide strong, stretchable suspension materials for today's demanding auto, aircraft, and furniture seating.

Eagle Craft Wave Rider Seat

This is a commercial and yacht quality seat that is designed to last for years of service. Deluxe all-weather arms and seating. Solid cast aluminum frames. Injection moulded plastic back and seat base. Heavy wearing Enduratex seat covering.

GAR 75007

Garelick Seat Shock Absorber System

Helps to cushion the impact of uncomfortable and constant wave pounding caused by rough water. Now boat passengers can enjoy a smoother ride and minimize feelings of nausea and seasickness in all types of weather conditions and open water.

- Absorbs up to 75% of the shock, jolt and vibration transmitted to passengers from the forces of roll, pitch and yaw
- Adjustable compression allows for maximum comfort
- Compact size and low profile design adds only 2" of height
- Easily mounts to almost any current seat or slide available
- Rugged, high tensile anodized aluminum and stainless steel hardware construction

Pedestal Base Mount

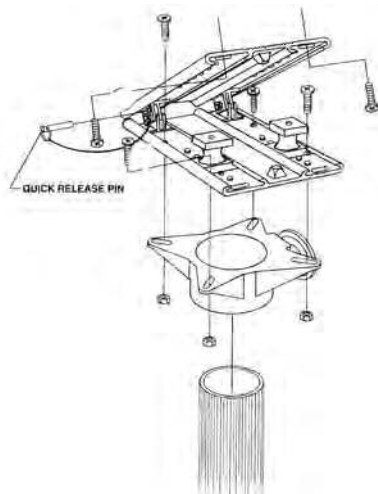

- Heavy duty forward hinge allows shock absorption to occur in the vertical plane only, thus eliminating unnecessary side sway
- Standard bolt hole pattern allows for mounting on top of pedestal and beneath individual seat

GAR 77000

Floor & Deck Mount

- Independent rail suspension unit
- Standard bolt hole pattern allows for easy mounting beneath seat to the deck, a box or the floor of a boat
- Perfect for mounting beneath seat greater than 20"

GAR 77300

Swivel-Eze Seat Rocker

Add comfort to your cruising. All new tempered aluminum seat spring absorbs shock and moves the luxury level up one notch. Fits all 5-1/4" standard hole patterns.

SWI 1570

Garelick Low Profile Seat Slide

Common Features

- Allows helm or boat seats to adjust fore and aft
- Slide mounts under seat in between seat and pedestal base
- Convenient handle provides solid locking at any position
- Compatible with most 360° spiders

TACO Seat Mounted Footrest

Silver powder coated 2-3/8" footrest. Versatile, fits 60 mm & 76 mm seat supports/columns.

TAC Z40-4195PCS60/76MM

ITC SurFit Table Legs and Bases

Optimum stability for removable tables is provided by the SurFit system. Tapered end cap is permanently affixed to the steel leg. The plastic cap is precision molded to the matching taper of the cast aluminum base creating the tightest fit of any system. The natural lubricity of the plastic makes insertion and removal a simple matter of twist in/twist out. All parts receive a "baked on" black corrosion and chip resistant powder coating.

No.	Description	Dia
ITC 81TL-27B	27" table leg	2"
ITC 81TR-1000B	Recessed base	6-1/2"
ITC 81TS-1000B	Surface base	6-1/2"

*Normal height for a table is 30". If using a recessed base, use the longer table leg. If using the surface mount base use the shorter table leg.

TACO Powermatic Table Pedestal

Gas charged cylinder raises the table at a turn of a knob. To lower simply turn knob to release and press down on table top.

Table support
 • 2-3/8" ID, 19-3/4" x 7-1/4"

TAC Z20-3160PCS

Power pedestal
 • 2-3/8" top x 3" bottom, 19" to 32" Range

TAC Z80-2190VEL

Base support
 • 3"ID, 9-7/8" Dia. base

TAC Z10-4070BLY76MM

Garelick Taper Socket Table Bases

Engineered for marine use.

These all aluminum components provide a solid table base that allows table to be removed quickly without tools. Features EEZ-In Taper Socket Design for wobble free use. Unique fluted profile stanchion tube has a protective anodized finish.

Part #	Description	Height	Diameter
GAR 75358	Short Tapered Post*	28-3/4"	2-7/8"
GAR 75357	Long Tapered Post*	30"	2-7/8"
GAR 75355	Flush base	N/A	9-1/4"
GAR 75356	Surface Mount base	N/A	9-1/4"

*Normal height for a table is 30". If using a recessed base, use the longer table leg. If using the surface mount base use the shorter table leg.

Garelick Adjustable Table Pedestal

Converts dinettes to berths. Adjusts to any position from 14-1/2" to 30-3/4". 2-7/8" stanchion tubing is welded to 9" diameter cast aluminum base at each end. In lower position inside tube goes below deck 6". Anodized.

GAR 75225

Garelick Table Pedestal

Fluted anodized finish. Pedestal descends 6" below deck level when fully retracted. Ideal for dinette/berth applications. Stable, no-wobble design.

- Height range: 14-1/2" to 30-3/4"

GAR 75325

Springfield Thread-Lock Table Pedestal

Allows for easy removal from its base yet remains firmly in place when required.

- No need to cut a hole with a deck mount base
- Base is a screw mount
- Post has a locking table mount assembly
- 20" to 26" adjustable height
- Polished aluminum finish

SPR 3692700

SEATING

75649

75650

Garelick Quick Release Table Pedestal Systems

- Quick release levers allows effortless take-down of table system for storage
- Deck ring mounts nearly flush with deck for minimal interference when table is stowed
- No need to drill large centre hole in deck as required with other table hardware systems
- Marine grade polymer components resist corrosion
- Stanchion post is 2-1/4" anodized aluminum w/ ribbed finish and tapered at both ends
- System height is 27" from deck surface to underside of table top

GAR 75640 Complete system includes: deck ring, socket base, table mounting socket, stanchion tube

GAR 75649 Includes complete system 75640 and round 20" (51 cm) diameter melamine table top

GAR 75650 Complete system includes 75640 and a 15" x 28" rectangular white polymer table top and two recessed cup holders

Socket mount

Garelick Side Mount Table System

Oval table top

- 18" x 30"
