SEARCH & RESCUE

ALUMINUM FLOOR

MARINE GRADE ALUMINUM 6063-T5

- Lightweight
- EVA traction coating
- 24 mm panels

RAPID DEPLOY FLOOR

- Rapid inflation system
- Rigid and lightweight
- High pressure design

OPEN

UNFOLD

INFLATE

INCLUDED ACCESSORIES

- Foot pump w/gauge
- Repair kit
- Two paddles (alum. shaft, plastic blade)
- Storage bow bag
- Boat carry bag with handles

OPTIONAL ACCESSORIES

Quick inflation system
PART# QFC

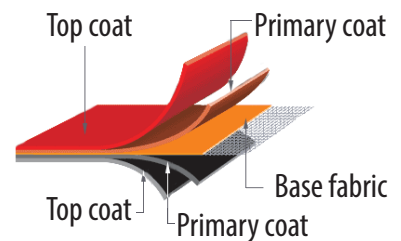

High flow scuppers
PART# SCUPPER-SIL

6 gl fuel bladder
PART# FBS21 RESCUE

FABRIC

INMAR Inflatables understands small department agencies, and their need for lifesaving equipment. We have developed the Professional Series inflatable boats just to meet these demanding tasks. Our boats come fully equipped for deployment in the field, allowing shorter response times. The ability to carry heavy payload and a highly stable platform, has always been known with inflatable boats. **INMAR** went one step further and developed a true multi-chambered response vessel for all sized agencies.

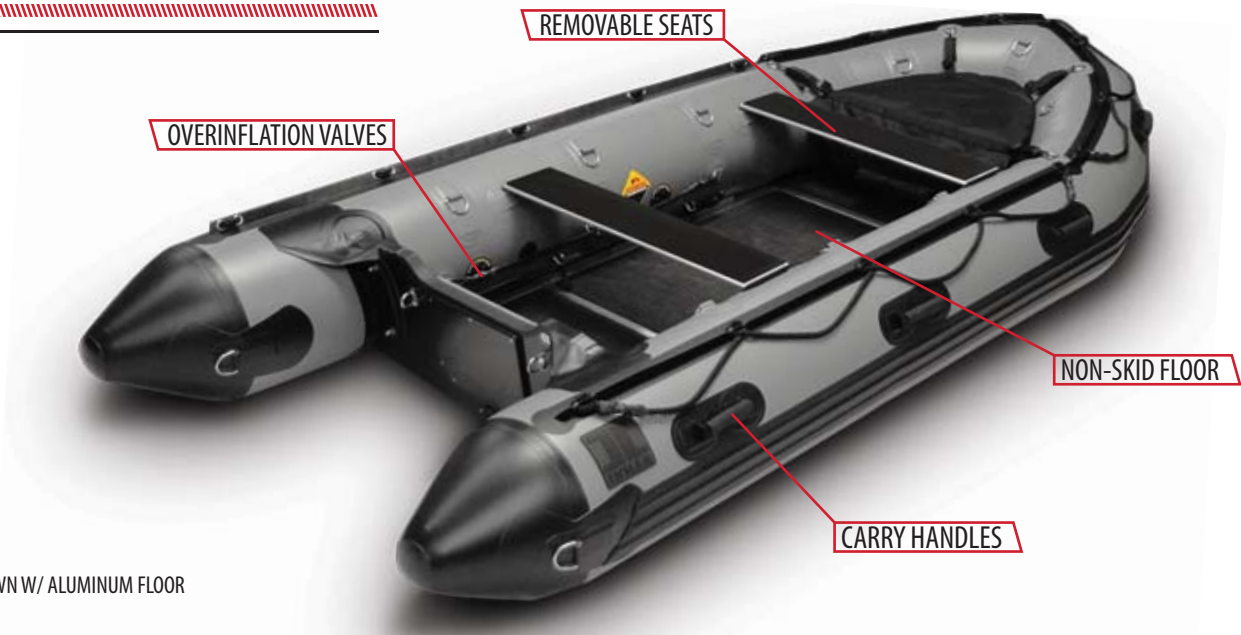

The professional series are currently in use by over 100 agencies and multiple Rapid Response units Worldwide.

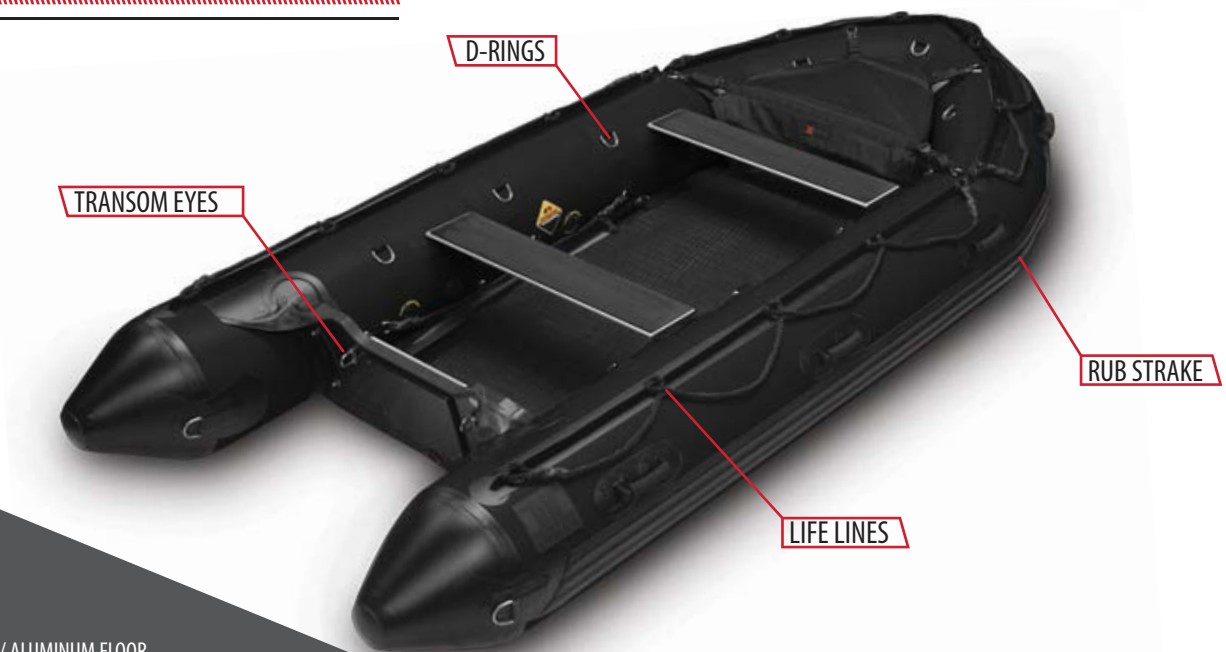

We offer a large range from 12' 6" to 17' 6" for our standard roll-up models.
